Prairie Passage
If you see this "Prairie Passage" sign along the road, it represents an international effort to identify/preserve native prairie. Breckenridge is part of this 600 mile route that meanders down the western side of the state. Brochures are available at the Chamber of Commerce or call 651-284-3765 for more information.

F.Y.I.
The coming of the St. Paul and Pacific Railroad (now the Great Northern) in October 1871, opened up the area to many more settlers, creating a booming business in flatboat building to carry freight directly from the railroad down river to northern North Dakota and to Winnipeg, and gave agriculture the stimulus it needed because grain could now be exported.

F.Y.I.
www.highway75.com
Breckenridge is located along Highway 75 - "The Historic King of Trails", the longest of the 22 Minnesota State Scenic Byways. Originally, Highway 75 was a Native American trail route used for shelter, food gathering, and trade. Today, travelers enjoy peaceful vistas, fascinating historical sites, quaint towns, colorful festivals, and warm hospitality along the lakes, rivers and trails of remarkable Highway 75.
