Home-based businesses are not eligible for City Loan programs. For assistance, please contact your bank or the SBDC office.

Partners in Progress

Wahpeton Economic Development has been dedicated to developing strong partnerships with federal, state, regional and private sector resources since 1978. The City Council and Economic Development Department continually work to leverage tax dollars in order to benefit the economy as a whole. This method of networking has resulted in great success in meeting the needs of the Wahpeton community and the surrounding area.

Please note the funding status of a program before making an inquiry. Local incentives are reviewed annually and policies are set by the Wahpeton City Council based on need or when a service is driven by demand.
